

CLEP 2021 Workshop Event Sponsorship Opportunity

For the cost of \$200, a Corporate Sponsor will receive the following:

- Top visibility on our registration page for the Workshop
- Mentioned as a sponsor in every communication CLEP sends
 - CLEP's LinkedIn Group postings
 - Newsletter
 - Regular advertisements about the Workshop via our mailing list
 - Prominent acknowledgement at the beginning and conclusion of the event
- Company logo visibility on CLEP's marketing flyers
- Sponsorship for presentations: This presentation is sponsored by COMPANY NAME. So, if we have 12 presenters and 4 sponsors, each vendor has 3 sponsorships.
- Currently planned - a continuous commercial on our registration page with each presenter and a corporation sponsoring them. Same concept as the day of the presentation.
- CLEP provides sponsors with a button on the Workshop schedule that links to a URL provided by the sponsor. This link could provide access to the sponsor's website, an "Exhibitor's Room"/breakout room, or other sites as set up by the sponsor. The button could include a brief description such as "clicking this button will take you to a breakout room where you can browse our services and chat with a representative" or "clicking this button will take you to our website". CLEP is using Zoom services for the virtual workshop tracks and can arrange for coordination with our Zoom representative for Zoom services if desired. Any additional costs would be paid by the sponsor.
- Registered attendee list with email addresses
